CHAPTER VI: PROJECT IDENTIFICATION & CONCESSIONAIRE SELECTION

28. (1)The Board shall be the nodal agency to coordinate all the efforts of the State Government in the identification and prioritization of infrastructure projects.

Project
identification
and
prioritisation

- (2) The Board in consultation with the State Government shall scrutinize, evaluate and priorities infrastructure projects to be developed managed and operated in the State of Punjab.
 - (3) The Board shall inform the State Government of the infrastructure projects so identified. The State Government shall decide within a period of ninety days of the receipt of such information, as to whether and which of the infrastructure projects will be undertaken as State Government projects in a time bound manner.
 - (4) In case, the State Government decides not to take up an infrastructure project with total State Government budgetary funds or if it fails to decide within the stipulated period, the infrastructure project will automatically be referred back to the Board. Upon such reference, the Board shall decide whether the infrastructure project is to be executed on complete private participation basis or with part private participation and part dependence upon the Development Fund or by complete funding out of the Development Fund; and thereafter, the Board through the Project Management Team or the Sectoral Sub-Committee, as the case may be, shall take the following steps, namely;
 - (i) publication of the notice containing details pertaining to the infrastructure projects in the leading newspapers, inviting objections and suggestions;
 - (ii) assisting te Authority in conducting public hearing on objections and suggestions received to finalise the scope of the infrastructure project;
 - (iii) notification of infrastructure project inviting bids or placement of request for proposal;
 - (iv) conducting pre-bid processes;
 - (v) conducting evaluation of bids; and
 - (vi) conducting negotiations and recommending the grant of Concession by the Board;
- 29. (1)** Once the infrastrcture project is referred back to the Board in terms of sub-section (4) of section 28, the Board shall provide wide publicity at national
- Procedure for public hearing

level to the proposed infrastructure project or projects, as the case may be, and propose its implementation as per the decided parameters and structures. For this purpose, the Board shall cause the notice of the proposed infrastructure project to be published in the specified manner in the leading local and national newspapers and in the Official Gazette of the State Government. Such public notice shall include, highlights of the feasibility report. On demand, a complete copy of the feasibility report shall be made available from the office of the Board on payment of a specified fee.

- (2) The notice shall:-
- (i) highlight the salient features of the proposed infrastructure project, its parameters or structuring;
 - (ii) invite objections and suggestions from the public to the proposed infrastructure project and its parameters in respect of which objections should be filed with the Board within the period specified in the notice from the date of publication of the notification; and
 - (iii) mention the date, time and place of the proposed public hearing to consider such objections, suggestions or comments.
- (3) The date, time and place of the proposed public hearing referred to above shall be included in the notice by the Board after consultation with the Authority.
- (4) All persons including bona fide residents, Non-Governmental Organizations and others, located at the project sites of displacements likely to be affected by the proposed infrastructure project and other members of public, can participate in the public hearing before the Authority.

30. (1) The Authority shall take into account any objections or suggestions or comments of the concerned persons before approving the proposed infrastructure project, and may either approve the same in its original format or subject to any changes that may be proposed by the Board and found acceptable by the Authority.

Finalisation of the scope, funding and structuring of infrastructure projects

- (2) In the event, the Authority is of the opinion that the objections or suggestions or comments so raised in the hearing, are unfounded or baseless or that the same can be dealt with at a later stage, it may, in its discretion

allow the Board or the public infrastructure agency to go ahead with the project. Such decision shall be taken within a period of thirty days of the hearing and it shall be final and binding.

- 31.** Upon identification of the infrastructure project to be developed under section 28, the Board shall direct the Project Management Team or the concerned Sectoral Sub-Committee or Committees to carry out itself or through external service providers or consultants, a feasibility study and to prepare and submit a feasibility report within a period of six months. Feasibility Report
- 32. (1)** Upon finalization of the scope and structure of the infrastructure project under section 30, the Board shall forthwith cause to be published, one every week for three consecutive weeks, in at least two national level newspapers out of which, one will be a financial or business newspaper; and in one local newspaper, which is circulated in the region, province, city or municipality in which the project is to be constructed, a notice inviting all interest parties to participate in a competitive public bidding for the infrastructure projects so approved. Public bidding for the project

- 33. (1)** Any person, who fulfills the qualification criteria, may respond to the notice inviting tenders or proposals, subject to the prevalent laws and policies laid down by the Board. The expression 'person' shall include natural and juristic persons, as permissible by policies of the Board, whether of Indian or foreign origin.
- (2) The prospective bidders will be required to, prepare and submit their respective pre-qualification documents within the specified period.
- (3) Amongst others, the following may be specified by the Board, as the pre-qualification requirements, namely:-

Pre bid or pre-qualification stage

- (i) legal requirements;
 - (ii) technical qualifications i.e. the Concessionaire applicant must possess adequate relevant experience in terms of specified requirements for the infrastructure project or sector in question. The applicant should not have committed a material breach in any previous concession Agreement; and
 - (iii) financial qualification i.e. the Concessionaire must show the capability to sustain the financing requirements of the infrastructure project, which may be measured in terms of proof of the ability of the Concessionaire or to provide a minimum amount of equity to the project and letter of good standing from the bank.
- (4) On the basis of the pre-qualification proposal received, the Board shall mark the pre-qualification documents of each prospective proposer as either pre-qualified or pre-disqualified, as the case may be, within a specified period.
- 34. (1)** The Board shall make available the related bid documents to all pre-qualified bidders within the specified period to prepare and submit their respective bids. Bidding Stage
- (2) The bids will be submitted in two envelopes i.e. the one containing the technical proposal and the other containing the financial proposal.
 - (3) The required bid security, if any, shall be valid for the specified period, but in no case it will exceed one hundred and twenty days following the opening of the bids, unless specifically decided by the Board for a particular infrastructure project.
 - (4) The evaluation of bids shall be undertaken in two stages in terms of the specified procedure and period.
 - (5) The first stage of valuation shall involve the assessment of the technical proposal regarding technical, operational and environmental, visibility of the proposal as contained in the bidder's first envelopes vis-à-vis the specified requirements and criteria or minimum standards and the basic parameters specified in the bidding documents.

- (6) Only those bidders, who have not been disqualified at the first stage of evaluation, shall be eligible to participate in the second stage of evaluation. The second stage of evaluation shall involve the assessment in comparison of the financial proposals of the qualified bidders based on the criteria and parameters specified by the Board in this behalf. Such criteria and parameters, in the case of infrastructure projects without private participation, may provide for clubbing of technical and financial scores for the purposes of determining the bidder eligible for award of work.
- (7) In the case of infrastructure projects based on private participation schemes, the Board shall award the contract to the bidder whose proposed tolls or frees or rentals or charges in respect of models of contracts (shortly indicated as BOT, BOO, CAO, DOT, ROT, ROO in Schedule II) and other similar schemes or proposed Schedule of amortization payments in respect of BT, BLT, BTO (as shortly indicated in Schedule II) and other similar schemes, are determined to have the lowest present value.
- 35. (1)** The concession shall be granted by a public infrastructure agency to a bidder who:- Grant of a concession
- (i) satisfies the stipulated financial, technical, organizational and legal standards; and
- (ii) whose bid is the lowest and is in most favorable terms for the project, based on the present value of its proposed tolls, fees, rentals and charges over a fixed term for the infrastructure project to be constructed, rehabilitated, operated and maintained as per the stipulated minimum design and performance standards, plans and specifications.
- (2) The purpose of the financial package governing any sector or the concessions to be granted for any infrastructure project will be to ensure that the same is financially viable and bankable to attract maximum private investment. The public infrastructure agencies may have to make substantial investments or grant substantial concessions to make an infrastructure sector or any infrastructure project viable.

- (3) Within a period of thirty days from the date of completion of the second stage evaluation, a decision on whether or not to award the contract, shall be taken by the Board.
- (4) If the Board takes a decision to award the contract, the Board shall issue to the proposed awardee, the notice of award within a period of fifteen days from the date of the decision.
- (5) The notice of award shall indicate, amongst others, the time within which the proposed awardee shall submit the specified performance security, proof of equity contribution and financing resources, and in the case of a joint venture or consortium the agreement indicating that the members are jointly and severally responsible for the obligations of the Concessionaire under the contract.
- (6) The winning bidder shall be granted the Concession for the development, operation and maintenance of the infrastructure project, including the right to collect the specified tolls, fees, rentals and charges.
- (7) Withdrawals of any member of a joint venture bidder prior to the actual award or implementation of the infrastructure project, can be a ground for cancellation of the contract and forfeiture of that person's bid security. The Board may, however, proceed with the award of the contract for the implementation of the infrastructure project, if it is of the opinion that the other members of the joint venture or consortium are still capable of carrying out the project or that they have provided a suitable and acceptable substitute with equal or better qualifications.
- (8) The bid and the bid securities shall be kept valid till the process of selection of bidders and the grant of concession is completed. Once the concession is granted, the bid securities shall be returned to the unsuccessful bidders.
- (9) In the event of refusal, inability or failure of the bidder with the lowest complying evaluated bid to make good his bid by entering into Concession Agreement with the State Government within the specified period, the State Government shall forfeit the bid security of such bidder. In such an event, the Board shall consider the next complying and qualified lowest evaluated bid for the award. If the same tool fails to execute the Concession Agreement with the State Government, its bid security shall likewise be

forfeited, and the Board shall consider the next complying and qualified lowest evaluated bid, and so on until a contract has been entered into. In case, the State Government is unable to execute the contract with any of the complying and qualified bidders due to the refusal of the latter, the project shall be subjected to re-bidding.

- (10) When no bids are received, the bidding shall be declared a failure. In such a case, the bidding shall be re-called for the concerned project.

36. Negotiation shall be resorted to when there is only one bidder complying with the stipulated pre-qualification conditions (hereinafter referred to as the “Complying Bidder”) as defined hereunder:-

Negotiation of Contract

- (i) if after advertisement, only one concessionaire applied for pre-qualification and it meets the pre-qualification requirements;
- (ii) if after advertisement, more than one concessionaire applied for pre-qualification, but only one meets the pre-qualification requirements;
- (iii) if after pre qualification of more than one concessionaires, only one submits a bid; and
- (iv) if after pre qualification, more than once concessionaires submit bids, but only one is found by the Board to be Complying Bidder.

Provided that, any of the aggrieved disqualified bidder may, within a period of fifteen days from the date of decision of the Board, file appeal to the Authority and the same shall be decided by the Authority within a period of twenty-one days from the date of filing of the appeal.

37. (1) When any person makes a representation to the Board with respect to any project, which has not yet been approved or notified in terms of the provisions of this Act, the same may be accepted by the Board on a provisional basis; if such a project involves a new concept or technology.

Unsolicited proposals

- (2) On acceptance of the proposal by the Board, the Board may purchase the proposal from the proposer on payment of a sum mutually agreed between the proposer and the Board.

- (3) The Board shall adopt the proposal as a basis for selecting a person with whom Concession Agreement may be entered into, and for selecting such

person, the Board shall follow the procedure of public bidding as specified in this Act, in which the proposer may also participate.

- (4) Where the proposal of the proposer, referred to in sub-section (2), is not to make his proposal competitive with that of the selected person within a period of thirty days from the date on which he has been given opportunity and if the proposer referred to in sub-section (2), fails to do so, the Board may execute the Concession Agreement with the selected person.

- 38.** (1) If at any time after the pre-feasibility stage, the Board is of the prima facie opinion that a proposed infrastructure project is unlikely to success through private participation, the Board may refer that infrastructure project to the State Government to get the same executed through special purpose vehicle or vehicles by leveraging the funds available with the Board or the public infrastructure agencies.

Development through Special purpose vehicles

- (2) In case of private participation in the special purpose vehicles, which are granted concessions to implement the infrastructure projects referred to in sub-section (1) those special purpose vehicles will be governed by the relevant provisions of this Act, rules and regulations framed there under.

- 39.** (1) Within a period of thirty days from the date of receipt of the notice of award or selection under sub-section (4) of section 34, the public infrastructure agency shall execute a Concession Agreement with the awardee or successful bidder.

Executing of Concession Agreement

- (2) Where the Board, having regard to the nature of an infrastructure project is satisfied that, it is necessary to do so, it may permit combination of two or more model contracts of the nature specified in Schedule II in to one agreement for the purpose of private participation in the development, operation and management of the infrastructure project.

CHAPTER VIII: PROJECT IMPLEMENTATION

- 40.** (1) Notwithstanding any thing contained in any other law enacted by the State Legislature, the concessionaire may, charge, recover and appropriate the tariff leaved in respect of use of any facility of product or service related to or arising

Scheduled II : Models of Contracts

[See section 2 (6)]

- (a) **Build Operation and Transfer (BOT)** shall mean a contractual arrangement whereby the Concessionaire undertakes the construction, including financing, of a given infrastructure facility, and the operation and maintenance thereof. The Concessionaire operates the facility over a fixed term during which it is allowed to charge facility users appropriate tolls, fees, rentals, and charges not exceeding these proposed in its bid or as investment, and operating and maintenance expenses in the project. The Concessionaire transfers the facility to the Government Agency or Local Government unit concerned at the end of the fixed terms which shall or exceed thirty years.
- (b) **Build-Own-Operate-and-Transfer (BOOT)** shall means a project based the granting of a Concession by a Principal (the Union of Government or a local authority) to the Concessionaire, who is responsible for the construction, financing, operation and maintenance of a facility over the period of the Concession before finally transferring the facility, at no cost to the Principal, a fully operational facility. During the concession period the Promoter owns and operates the facility and collects revenue in order to repay the financing and investment costs, maintain and operate the facility and made a margin of profit.
- (c) **Build-and-Transfer (BT)** shall means contractual arrangement whereby the Concessionaire undertakes the financing and construction of a given infrastructure or development facility and after it completion turns it over to the Government agency or Local Government unit oncerned, which shall pay the proponent on an agreed Schedule its total investments expended on the project plus a reasonable rate of return thereon. This arrangement may be employed in the construction of any infrastructure or development project, including critical facilities which, for security or strategic reasons, must be operated directly by the Government .
- (d) **Build-Own-and Operate (BOO)** shall mean a contractual arrangement whereby a Concessionaire is authorized to finance, construct, own, operate

and maintain an infrastructure or development facility from which the proponent is allowed to recover its total investment, operating and maintenance costs plus a reasonable return thereon by collecting tolls, fees, rentals or other charges from facility users.

- (e) **Build-Lease-and Transfer (BLT)** shall mean a contractual arrangement whereby a Concessionaire is authorized to finance and construct an infrastructure or development facility and upon its completion turns it over to the government agency or local government unit concerned on a lease arrangement for a fixed period after which ownership of the facility is automatically transferred to the government agency or local government unit concerned.
- (f) **Build-Transfer-and-Operate (BTO)** shall mean a contractual arrangement whereby the public sector contracts out the building of an infrastructure facility to a private entity such that the concessionaire builds the facility on a turn-key basis, assuming cost overrun, delay and specified performance risk. Once the facility is commissioned satisfactorily, title is transferred to the Implementing agency. The private entity however, operates the facility on behalf of the implementing agency under an agreement.
- (g) **Contract-Add-and-Operate (CAO)** shall mean a contractual arrangement whereby the concessionaire adds to an existing infrastructure facility, which it is renting from the government. It operates the expanded project over an agreed franchise period. There may, or may not be, a transfer arrangement in regard to the facility.
- (h) **Develop operate and Transfer (DOT)** shall mean a contractual arrangement whereby favorable conditions external to a new infrastructure project which is to be built by a private project proponent are integrated into the arrangement by giving that entity the right to develop adjoining property, and thus, enjoy some of the benefits the investment creates such as higher property or rent values.
- (i) **Lease Management Agreement** An agreement whereby the State Government, the Government Agency or the specified Agency leases a project owned by the State Government, the Government Agency or, as the case may be, the specified Government Agency to the person who is

permitted to operate and maintain the project for the period specified in the agreement.

- (j) **Management Agreement** An agreement whereby the State Government, the government Agency or the specified Government Agency entrusts the operation and management of the project to a person for the period specified in the agreement on payment of specified consideration. In such agreement, the State Government agency may charge the user fee and collect the same either itself or entrust the collection for consideration to any person who shall after collecting the user fees pay the same to the State Government, the Government Agency or, as the case may be , the refurbishing, erecting and consuming it within the host country.
- (k) **Rehabilitate-Operate-and-Transfer (ROT)** shall mean contractual arrangement whereby an existing facility is turned over to the private sector to refurbish, operate and maintain for a franchise period, at the expiry of which the legal title to the facility is turned over to the Government. The term is also used to describe the purchase of an existing facility from abroad, importing, refurbishing, erecting and consuming it within the host country.
- (l) **Rehabilitate-Own-and-Operate (ROO)** shall mean a contractual arrangement whereby an existing facility is turned over to the private sector to refurbish and operate with no time limitation imposed on ownership. As long as the operator is not in violation of its franchise, it can continue to operate the facility in perpetuity.
- (m) **Service Contract Agreement** shall mean and agreement whereby a person undertakes to perform the service for the State Government for the specified period. The State government shall pay him an amount according to the agreed Schedule.
- (n) **Supply, Operate and Transfer Agreement** shall mean an agreement whereby a person supply to the state Government equipment and machinery for a project and undertakes to operate the project for a period and consideration specified in the agreement. STATEMENT OF OBJECTS AND RESONS

The Punjab Infrastructure (Development and Regulation) Bill, 2002 is proposed to provide high priority on infrastructure development to accelerate economic and industrial growth in the State. In view of the Volume of funds required for infrastructure development, the State Government wishes to encourage the private sector to supplement its efforts in developing the infrastructure facilities by participating in its financial and/or development operations and management thereof. This Bill seeks to establish regulatory framework which will provide clear guidelines for all aspects for infrastructure development from the conception to the implementation.

LAL SINGH
Finance Minister, Punjab

FINANCIAL MEMORANDUM

The Punjab Infrastructure (Development and Regulation) Bill, 2002 is being introduced to attract and facilitate private participation in infrastructure development as the State Government recognizes the need to: -

- (a) have an overarching legislation to secure a level playing field for private participations;
- (b) establish a transparent regulatory framework governed by an autonomous regulator; and
- (c) grant various concessions and incentives to make the infrastructure project and the investment opportunities viable and attractive.

The actual financial implications can only be worked out as and when any incentives are granted in this regard.

MEMORANDUM REGARDING DELEGATION LEGISLATION

Clause 24 of the Punjab Infrastructure (Development and Regulation)Bill, 2002 empowers the Board to make the Bye-laws for carrying out the purpose of the Bill. The powers sought are necessary for the proper implementation of the provisions of the Bill and are normal in nature.

The Governor has, in pursuance of clause (1) of Article 207 of the Constitution of India, recommended to the Punjab Legislative Assembly , the introduction of the Bill.
